

SCHEMA ST4

Introductory package

SHORT DESCRIPTION

The technical editorial team at KNOWLEDGE LODGE designs, advises and implements.

With our introductory package, we guide you step by step through the installation and commissioning of SCHEMA ST4. The package includes the installation fee, information structuring and a metadata workshop as well as a coaching contingent for SCHEMA ST4.

With our offer, you will be able to implement SCHEMA ST4 quickly and efficiently and use it effectively.

We will be happy to offer you further training packages once you have successfully completed the introductory package.

TARGET GROUP

You have decided in favor of SCHEMA ST4 and need support with the introduction and commissioning.
